¹ UTCVM requires 8 hrs general biology (BIOL 130 plus 4 hrs), cell biology (BIOL 140), and genetics (BIOL 240 or ANSC 340 (Animal Science will not accept ANSC 340 as a biological science)). UTCVM considers general biology to be any course greater than 200 in Biology, Microbiology, EEB, and certain BCMB courses where physiology or biology is in the title. Animal Science will also accept certain CASNR courses (see advising guide).

² UTCVM considers BCMB 410 a physical science since it has "biochemistry" in its title. Animal Science will accept it as a biological or physical science.
